**PORTASTEELLE®**  
**CALCULATOR**  
**-USER MANUAL -**

# INSTRUCTIONS

Thank you very much for purchasing this Portasteele® Calculator. It will be very useful with the coupling of your Plevel, Plevelmax, Pmarine, Plevelmaxmarine or Plevel-IS.

## *1-To begin:*

The Portasteele® Calculator (PSTEELE-CALC) is the ideal tool for fire service. It converts the liquid level height measurements taken by your PLEVEL/PMARINE to the agent weight (KG / Lb). With this product you can save cylinder readings, store and export inspection reports for better customer service and internal reports. It is the perfect partner for all PLEVEL/PMARINE models.

## *2-Operating Instructions:*

A- To reload the Portasteele®: As soon as the package is opened, the instrument may need to be loaded before use. Please connect it to an electricity source using the supplied cable and leave it charging for up to 10 hours.

B- To turn on the Portasteele®: Hold down the «power» button located on the left side of the tablet for a few seconds, until the welcome screen appears on the screen.

C- The Portasteele® is a very intuitive and easy to use product, however we invite you to follow the operating instructions below:

1. Connect your tablet to a Wifi network with a working Internet connection;
2. To do this, press the «3 dots» icon in the upper right corner of the home screen and select «Wifi Connection»;
3. Once connected to Wifi, select the application icon Portasteele® from the home screen;
4. Press the icon «?» in the upper right corner;
5. Under the heading «Get Help", the option «View Manual" will appear - click to view it;
6. A PDF containing the latest manual will open, you can also download it on your tablet to view the manual offline.

# INSTRUCTIONS

D - Alternatively, you can watch the demo video by following the instructions below:

1. Connect your tablet to a Wifi with a working Internet connection;
2. To do this, press the «3 dots» icon in the upper right corner of the home screen and select «Wifi Connection»;
3. Once connected to Wifi, select the application icon Portasteele® from the home screen;
4. Press the icon «?» in the upper right corner;
5. Under the heading «Video» there is a link, click on it to see the video;
6. The link will open a link to YouTube and the demo video will start automatically and allow you to understand the functionality of the device.

We hope that the Portasteele® meets your expectations. If you have any questions, please feel free to contact us [external@unidet.it](mailto:external@unidet.it).

For better assistance we invite you to tell us the serial number of the device (PS followed by the 5 identifying digits) that you can find on the home screen.

We will be happy to assist you.
